Dear Michele,

I wanted to thank you for all your help in assisting in our acquisition of our new property. We had very specific requirements which made it a difficult search. After looking ourselves for over 18 months, we finally got there with you after 3 months! Your dedication, professionalism and weekly reports greatly assisted us in making sure that we didn't miss a single opportunity.

Finally, at auction Fred provided a very professional service, bidding on our behalf and ensuring that we got the property within our budget.

We would highly recommend you to others in the future.

Thanks again,  
Barry
