Hi Fred,

Sorry it's taken so long to get back to you with my testimonial.

Anyway, I found dealing with Property Search 4u very easy. From the first phone call, I felt much more confident about entering the commercial marketplace. I found Fred to be very easy to deal with, patient and obviously very experienced in the industry. I would like to thank Fred for his guidance and reassurance along the way, as a new venture into the tricky world of commercial leasing I found his advice invaluable.

I would highly recommend Fred and Property Search 4u to anybody looking to get into real estate but not confident about doing the negotiation, from experience he will more than make his fee back in savings and it takes a lot of the stress and hassle out of dealing with agents and/or vendors.

Thanks again Fred,

Matthew Green, owner/chef Soffritto Restaurant 367 King st Newtown
