Testimonial:

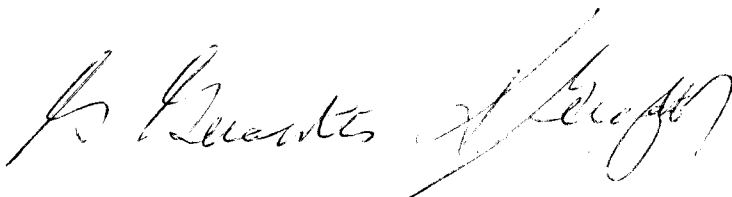

***Fred Haggar
Property Search 4U***

Fred's extremely successful career as a dealmaker with a publicly listed company, domestically and internationally, is renown and earned him the formidable respect of his peers back in the 1990's. This experience, combined with his thorough research and innate knowledge of his subject, provides a highly intelligent assessment of the target ~ be it a corporate entity or real estate holding.

The above knowledge provides unmeasurable confidence to the purchaser's argument when presented via Fred's diplomatic, yet tenacious and dynamic personality.

Retaining the services of Property Search 4U and having Fred Haggar to act on our behalf and negotiate our property purchase resulted in a saving of 8.2% from the original sale price nominated by the Vendor's Agent.

The speed and efficiency with which the entire process was conducted was exemplary. Based on our personal experience, we could not recommend the services provided by Fred Haggar more highly.
