During the past several months we have worked closely with Fred Haggar from Property Search 4U to scope our requirements for a new lease on a business premises. Fred indentified suitable properties and negotiated an agreement and lease document on our behalf.

Fred's professionalism and thoroughness is impressive. He took time to understand our needs and match those requirements with suitable premises options. Throughout the process, Fred provided us with support and coaching and has visited an expansive list of properties, many more than we would have been able to review given the significant workload. The shortlist of properties met our brief and when a preferred property was chosen, Fred negotiated all aspects of agreement with the vendor. Many aspects of negotiations might have been handled by Lawyers yet was handled by Fred which expedited the process and saved significantly on legal bills.

Working with Fred has been a very positive experience and we have found the most suitable premises as a result of his service. We highly recommend the services of Fred Haggar and Property Search 4U.
