*Happy New Year Fred,*

*Kym and I would like to thank you for the work you did for us in 09.*

*Although the properties we were specifically looking at purchasing didn't end in a satisfactory agreement with the vendor, we realise that this result was out of your control and appreciate and value the effort you put in.*

*The big winner for us was the excellent advice you offered and subsequent knowledge we gained which helped us make what we consider to be a good purchase of a small acreage in Conjola. This happened very quickly and we knew almost immediately we were happy with the whole package.*

*Thank you again, it was a pleasure dealing with you and we will not hesitate to again seek your help, when needed, and recommend your services to others.*

*All the best for 2010.  
Ian Cox*
