Subject: Sydney Property - Purchase

Dear Fred,

Again, PS4U have gone above and beyond in its capacity as "Buyer's Agent".

Your professionalism and attention to detail never waivers. Thank you for managing the buying process, especially during my current absences from Australia. It's always heartening to know you are there and in control of the situation so that we don't have to worry and as you know I completely trust your judgement.

I'm very happy and excited to grow our portfolio with another successful property purchase in the residential space.

Yours sincerely,

Brett Watts
