Buying a beautiful apartment could not have been more simple.

I approached Michele Newman from Property Search 4U.

Having met Michele, I instantly felt that Michele would be able to glean what I was looking for and that I could freely communicate what I was looking for to her. No judgement at my ignorance of this process nor the way I went about this.

Unflappable she is.

With Michele's guidance I only saw apartments that fitted the criteria I had outlined.

My time is precious and there was no useless inspecting.

I found Michele most approachable and receptive to listening and absorbing my concerns.

Michele was able to walk me through the apartment buying without raising any unwarranted concerns.

This was very important to me.

In a relatively short time I found an apartment that totally suits my needs.

Basically I was also guided through the auction time and finalising process.

This would not have been possible for me without her as my buyer's agent.
