Subject: Testimonial for selling support

Hello Fred!

We have written a testimonial for your incredible selling support for Pearl St. From inception to selling, Pearl St will always be a place we will thank you for.

Fred Hagggar assisted us with the sale of our first home, the very home that he helped us secure 10 years ago!

The stressful selling process was made so much more efficient with a trusted professional by our side.

Fred initially helped us to appoint an excellent selling agent.

Then with Fred's expert knowledge of our home, the market and the whole selling process, he was there every step of the way, guiding, reassuring and answering our questions.

The campaign was a success and we couldn't be happier with the incredible personal assistance that Fred provided.
